

## PRESS RELEASE

ZENN Motor Company Inc.  
Toronto, Ontario, Canada  
(TSXV: ZNN)

### ZENN MOTOR COMPANY ANNOUNCES ANNUAL GENERAL MEETING

**Toronto, Ontario – March 20, 2008** – ZENN Motor Company Inc. (the “Company”) (TSXV: ZNN), a leading manufacturer of electric vehicles, will hold its Annual and Special Meeting of Shareholders (the “Meeting”) on Friday, March 28, 2008 at 10:00am EDT(Eastern Daylight Time). The Meeting will be held at the Islington Golf Club at 45 Riverbank Drive, Toronto, Ontario, M9A 5B2.

The Meeting will be an interactive event with a live question and answer period, an opportunity to interact with the Company’s management team and to participate in a demonstration drive of the 2008 ZENN.

“Apart from addressing the necessary compliance matters, the Meeting is a great opportunity for the Company’s management to summarize for its stakeholders, the achievements to-date and to detail the plans and vision for the future.” said Ian Clifford, Chief Executive Officer. “We are very excited to share our vision in this interactive format.”

For those who cannot attend in person, the Meeting will be broadcast live by webcast. The webcast format will allow questions to be submitted during the interactive portion of the meeting. Registration is required for the webcast and details can be found on the Company’s website at [www.ZENNcars.com/annualgeneralmeeting](http://www.ZENNcars.com/annualgeneralmeeting).

#### **ABOUT ZENN MOTOR COMPANY (ZMC)**

[www.ZENNcars.com](http://www.ZENNcars.com)

ZENN Motor Company, Toronto, Canada, is dedicated to being the global leader in zero emission vehicles. Driven by quality, ingenuity, and a philosophy of social responsibility, the ZMC team is dedicated to redefining what is possible in both urban and business fleet transportation.

The ZENN™ (Zero Emission No Noise) provides a complete, no-compromise transportation solution for those who want to dramatically reduce their operating costs, eliminate harmful emissions and free themselves from dependence on foreign oil. The current ZENN vehicle is perfect for urban commuters and commercial fleets such as resorts, gated communities, airports, college and business campuses, municipalities, parks and more!

The potential commercialization of the ultra capacitor being developed by ZENN Motor Company’s strategic partner, EESstor Inc. for future ZENN vehicles will enable ZMC vehicles to travel at greater speeds and distances, just like a traditional car but at a fraction of the cost and with zero emissions!
