(TSXV:ZNN)

ZENN IS GOING TO WASHINGTON

ZENN Motor Company, a leading electric vehicle manufacturing company, is attending the Electric Drive Transportation Association Show in Washington D.C, November 28-30, 2006. To learn more about innovative transportation solutions and to see and drive the exciting new ZENN™ (Zero Emission, No Noise) electric vehicle, please contact us directly to make an appointment to meet with representatives of the company. The ZENN will also be available for Ride and Drive on Tuesday November 28th between 10 am and 2 pm. (See: <http://www.electricdrive.org/conference2006/index.php> for details)

“We are excited to showcase the ZENN to the key influencers in Washington DC. ZENN Motor Company believes that the ZENN is a vital transportation solution for our congested and polluted cities, and that large fleet operators at all levels of government will realize that the zero emission ZENN is a perfect fit for their urban or campus environment operations.” stated Ian Clifford, Chief Executive Officer of the Company.

The ZENN is an exciting new electric low speed vehicle (LSV) with European styling and appointments. It's a new and more enlightened way to drive – efficient, sensible, economical and fun! Recently named Best Urban Vehicle at the Michelin Bibendum Challenge, ZENN performed exceptionally well in all categories including acceleration, braking, power consumption and noise level. ZENN demonstrates that real solutions to urban pollution and congestion are available now.

The ZENN is the perfect vehicle for urban commuters, fleets, and the environmentally conscious driver and with its low cost of operation and maintenance it is ideal for consumers and organizations who want to save money and the environment.
